Date: 7 November 2018

Dear Jason,

I asked Jason at AB Print to quote on some gift aid envelopes and place cards for a black tie dinner on a short turnaround. He provided proofs for the designs on the day promised, and his team made the changes that were needed to accommodate accessibility for blind and partially sighted guests easily and in great time.

The finished items were delivered to me on the date agreed and the quality of the work was excellent. My supporter was very happy with the items and has taken them to his event where they will enable RNIB to receive extra income through gift aid.

In addition to this the quotes were reasonable and any extra costs incurred to meet the deadline were explained thoroughly.

I will not hesitate to use AB Print and Jason for future printing and branded clothing. I will also be recommending them to colleagues for any printing that they require.

Best regards
